Dear Mr. Prime Minister,

On behalf of the Norwegian Community in San Diego, we would like to express our overwhelming grief and condolences to the people of Norway in the wake of the recent tragic events. We are truly in a state of shock and bewilderment that such a horrific act was carried out in our beloved Norway. Please be assured that our community stands with the country of Norway as we all come to grips with the reality of the circumstances and begin the process of the country's healing.

We stand in solidarity with our Norwegian brothers and sisters in mourning of this terrible loss. We particularly wish to console the families and survivors of those lost in this senseless act.

With condolences,
